FINÁLNE KROKY

Vybrala som si obrázky generované umelou inteligenciou, ktoré sa najviac podobali tomu, čo som si predstavovala. Celé som to dotiahla do finálnej podoby pomocou overpaintingu. Moje príšerky som umiestnila do tohto ai pozadia, ktoré som taktiež upravila overpaintingom a farebne prispôsobila celú scénu.
